ABOUT US

COMPANY PROFILE

BLU AIR SEA AND LAND LOGISTICS is an unrivalled South African industry leader in the hazardous freight transport customs sector. Partnering with the world's top manufacturers, suppliers and buyers of sensitive and dangerous cargo, it commands an unparalleled global network. The company is also recognised as a formidable leader in the civilian firearms industry, maintaining strong relationships with international manufacturers as well as gun shops and importers around the world. With offices in Johannesburg, Cape Town and

Namibia, superb expertise and a combined 20 years' experience, **BLU AIR SEA AND LAND LOGISTICS** provides a comprehensive service offering, including technical advice on the worldwide delivery of hazardous freight, ranging from small arms to tanks, military grade weapons, munitions and explosives. **BLU AIR SEA AND LAND LOGISTICS's** unique infrastructure, unwavering and tenacious dedication to client service and philosophy of taking ownership from start to finish has earned it the reputation of being the best at what it does.

WHAT WE DO

COMPANY PROFILE

BLU AIR SEA AND LAND LOGISTICS focuses on G-to-G and B-to-B and holds permits to handle firearms, munitions and explosives transport, as well as to handle and market military grade cargo. Its ability to offer its clients bespoke logistics solutions, underpinned by the utmost discretion and confidentiality, makes it the logistics partner of choice for an impressive client list, which

includes the military, various government departments of defence, international firearm manufacturers, private military contractors, security firms, international hunting associations, the film and extreme sporting industries as well as a specialised hunting clientele, including royalty.

WHAT OUR CLIENTS SAY ABOUT WORKING WITH US

COMPANY PROFILE

"We have been delivering our goods to South Africa through Blu Air since we launched the Benelli brand in South Africa. We handle a wide range of products and spare parts, and the delivery of our goods is really complex because of the bureaucracy involved.

In Blu Air, we have found the perfect partner, not only because of their precision and punctuality, but also because of their consultancy services on the South African market.

Our customers are really satisfied with our service thanks to our partnership with Blu Air."

Dr. Andrea Luini,
Export Sales Manager, Benelli,
www.benelli.it

"I had the pleasure of working with Blu Logistics for several years. Stefano and Megan are real problem solvers and they do a terrific job. Goods always arrive on time and in perfect condition. They know their job and they do it with great passion."

Dr Niccolo D'Amico,
Export Sales Manager
Fabbrica d'Armi PIETRO BERETTA S.p.A.
www.beretta.com

"I want to thank you and Blu Logistics for your help with our international shipment to the southern African region. Blu was most helpful with a difficult shipment and ensured that our customer was 100% satisfied."

Ondřej Tomášek,
Sales Manager, Česká zbrojovka (CZ),
www.czub.cz

"Because of their attention to detail, communication skills and continuous follow-through, I rely on the team at Blu Air Sea and Land Logistics to handle my most difficult shipments across the globe. Based on their competitive rates, I use them for much more! Their knowledge of dangerous goods handling and sensitive commodities makes them a very valuable partner."

Wendy Parker,
Export Controls-Logistics Manager,
Apex International,
www.apexintl.us

"For the past four years, Blu Air Logistics have meticulously managed the importation and onward delivery of our sporting firearms from the UK to South Africa. The management team and its staff are highly professional, efficient, reliable and unfailingly courteous and helpful."

Patricia Pugh,
John Rigby & Co,
